

# Eastern Region Report

August 2018

The Eastern Region has had a busy summer showing season.

The Norfolk show which is a 2 day event had driving on the first day and in -hand on the second.

Tendring and shuttlewoth shows were held on the same date this year 14<sup>th</sup> July. But both shows were well supported by our members.

Then it was the Heckington show which is always well supported as it is a lovely friendly family show.

The East Anglian donkey show held in August again good numbers of donkeys being shown.

The Championship show was again well supported by the Eastern Region and our juniors doing well in Ridden and the handler classes.

I'm pleased to report that Liz Wright, Carole Travell and Jo Cordell are working hard at getting the new Peterborough replacement show in October up and running, it will be held this year at Skylark garden centre in March Cambs. It has a big field and café facilities on site. The show schedules have been sent out already.

Thursday Club held on the second Thursday of the month is starting to take off. We have had members coming along with their donkeys wanting to do agility and ring craft. We have coffee and cake and loads of donkey chat.

The Committee are working together to get the AGM social side sorted out and we are getting ready to welcome you all to our Eastern Region.

Annette Staveley

Regional Delegate.
